FOREWORD

A warm "Moin" and welcome!

We are delighted to welcome you on our journey through product innovations and proven classics. As always, we prioritize quality and reliability because your safety is our top priority.

Brand new to our lineup is the MultiMax V8 (Page 78). With the next-generation MultiMax, you can achieve significantly higher printing speeds and enjoy convenient new features and enhanced user-friendliness. It provides everything you need to start in professional printing and contour cutting.

With the LumaMax 60 (Page 94), you'll find the perfect solution for areas where signs and films wear out too quickly due to abrasion. It's a super clear floor projector with 60 watts of power.

Our Max CB1 CleanBoxes contain the perfect cleaning wipes for all areas and surfaces. Whether for surface preparation for sign lettering, machine maintenance, heavily soiled areas, or your hands, they clean reliably and are lint-free (Page 100).

For individual concerns and questions, we are always available to assist you. We thank you for your continued trust and look forward to a successful collaboration.

Enjoy reading,

Enjoy the read!

Michael Max Meyer
Managing Director MAX Systems GmbH

OUR ENVIRONMENTAL PROMISE

MAX Systems produces with **100% green energy**. Most of the plastics for our products are made from recycled materials.

You can help:
Return empty spools, cores, cassettes and sleeves. We will reward you. Or make sure that the plastics get back into the plastic cycle.
Thank you!

SIGNS SIMPLY MADE BY YOURSELF.

THE PERFECT SIGN FOR EVERY AREA!

LabelMax SP3

COMPLETE SET

€ 1,790

Item No. 106678   plus VAT

Durable Signage and Labeling as Efficient as Never Before!

The LabelMax SP3 is very user-friendly. It is a reliable sign and label printer to print a wide range of very durable labels and signs, providing high quality printing. Changing consumables is even more comfortable now: Just plug in the film cartridge, align the tape and you are ready to print. The label and design software SignMax makes the creation of signs and labels easy and versatile like never before. Choose symbols, templates and useful clip arts from a huge Clip Art Library for fast and professional results. Create and produce pipe markers, safety signs, inspection plates as well as individual text within seconds. In addition you can import your company-logo or generate barcodes and many more.

TAGREC STATION

MOBILE WORKPLACE

EFFICIENT WORK WITHOUT UNNECESSARY WAYS!

TagRec Station

COMPLETE SET
€ 5,490
Best. Nr. 111299   plus VAT

The Location-Independent Workstation!

The TagRec Station is a mobile workstation that takes the labeling system and the PC wherever they are needed. It reduces the travel time between the workstation and the marking location and increases productivity!
The LabelMax SP3 is a labeling system for comprehensive labeling solutions. It also comes with the easy-to-use SignMax sign software with all common pictograms and sign templates.

Our proven battery system ensures that the TagRec Station is powered for a complete working day*. The trolley's robust design is adapted to a harsh environment and the industrial-grade castors make it easy to move.

FILM CARTRIDGES

Max Premium & Max Premium Plus Films

The vinyl films are cadmium-free and feature excellent resistance to UV light, chemicals and moisture. They are perfect for indoor and outdoor use. The film cassettes are protected by a sleeve so that you always have optimum protection of the material when changing the film.

Max Premium
A highly adhesive vinyl film for extremely long-lasting markings. Max Premium is the perfect film for, for example, plant and machine labeling.

Max Premium Plus
Very strong adhesive vinyl film that adheres excellently to low energy surfaces and also has very good adhesion to lightly soiled surfaces. Ideally suited for permanent markings in harsh environments.

SPECIAL-FILM PRINTABLE TEXTILE FILM

LabeltexMax SP3 - Film for hot transfer

LabeltexMax is a universal film specially developed for use on various textiles. With this high-quality and durable film, any design can be easily and quickly printed on any type of textile. Note: TranstexMax, the necessary transfer film for textile films, is sold separately. See page 89.
Specifications: Film for hot transfer, matte
Ribbon: Max Premium ribbon
· Developed for application on all types of textiles (cotton, polyester, acrylic, nylon)
· Application in low temperature mode (120°C only 20 seconds)
· Quick application mode: Only 5 seconds contact with heating plates.
· OEKO-TEX product class 1

HAZARD DIAMOND & BATTERY LABELLING

Hazard Diamond

System for assessing the danger of dangerous goods

The hazardous diamond was developed as NFPA 704 („hazard diamond") in the US. The danger diamond is equipped with four coloured fields and is read from left to right in a clockwise direction, with the blue field being the first one.

Blue section:
Health

Red section:
Flammability

Yellow section:
Instability/reactivity

White section:
Special notice

# DESIGN AND PRINTING
- DIRECTLY IN THE APP!

APPLICATION AREAS

The LabelMax MP1 is the perfect companion for industry and trade, as well as office and retail environments. Convince yourself of the MP1 - we would also be happy to come by and show you its capabilities on site.

Perfect for:
· Inspection stickers
· QR & barcode labels
· Shelf & warehouse labels
· Cable & tube markers
· Pipe markers
· Safety markings
· LOTO labels
· and much more!

Print Specification:
· Media width: max. 52 mm
· Print size: max. 50×325 mm
· Thermal transfer printing system with up to seven ribbons
· App-controlled, mobile, handy system

Free sample printing! Contact us now - We would be happy to send you free print samples.

Phone: +49 (0) 47 63 / 945 950
Mail: info@maxsystems.de

ONE SYSTEM
- ENDLESS POSSIBILITIES!

ACCESSORIES

Practical Extension of the Bundle

The LabelMax MP1 comes with an extensive bundle. In addition to the labeling system, a protective bag with magnetic backside is included, as well as ribbon and label material so you can start printing straight away.

Tablet incl. Protective Cover

Our tablet already has the SignMax MP app pre-installed and comes with a robust protective case. If desired, you can order it and get started right away.

Carrying Strap

Do you want to have your hands free while working with the LabelMax MP1? No problem! Thanks to the replaceable back of the LabelMax MP1 bag, the labeling system can be easily attached to a belt or wrapped with the carrying strap. The carrying strap is available separately from us.

FILM CARTRIDGES

Max Premium & Max Premium Plus Films

The vinyl films are cadmium-free and feature excellent resistance to UV light, chemicals and moisture. They are perfect for indoor and outdoor use. The film cassettes are protected by a sleeve so that you always have optimum protection of the material when changing the film.

Max Premium
A highly adhesive vinyl film for extremely long-lasting markings. Max Premium is the perfect film for, for example, plant and machine labeling.

Max Premium Plus
Very strong adhesive vinyl film that adheres excellently to low energy surfaces and also has very good adhesion to lightly soiled surfaces. Ideally suited for permanent markings in harsh environments.

THE SYSTEM FOR LARGE LABELS!

CREATE LARGE AND EXTREMELY DURABLE MARKINGS IN THE SIMPLEST WAY.

LabelMax XL+

COMPLETE SET

€ 4,990

Item No. 106532   plus VAT

The Large Broadband Labeling System

The LabelMax XL+ is the perfect system for large labels – it produces signs up to five meters long! Thanks to the supplied knife, it also processes endless films in different widths.

We also offer various labels for the LabelMax XL+. Which makes it so incredibly versatile.

The signs are of excellent quality and are extremely resistant to various solvents, UV radiation and mechanical stress.

Designing signs is also very easy with our SignMax sign software, because thanks to a self-explanatory user interface and numerous templates, your standard-compliant sign can be designed in no time at all – without any previous knowledge.

With this broadband labeling system, you can create large and clear labels in the easiest way.

APPLY TRANSFER FILM → POSITION THE DESIGN → IRON/PRESS THE DESIGN → REMOVE TRANSFER FOIL (HOT-PEEL)

Foil Glossy & Matt

Our plotter films have been designed for almost unlimited use indoors and outdoors. Universal processing properties, as well as a large selection of brilliant colours in glossy or matte make them interesting for a wide range of applications – such as vehicle, shop window or sign labels. The film has excellent resistance to UV light, chemicals and moisture and is coated with a permanently adhesive.

Foil Frosted Glass

The semitransparent foil is an optimal visual protection, or glass decoration for indoor and outdoor use. The semitransparent tape protects against prying eyes and is nonetheless permeable to daylight.

PLOTTER FILMS

Choose the colour for your plotter foil:
Please add the desired colour no. behind the item no.

SignMax v10

SIMPLE SIGNDESIGN
QUICKLY & WITHOUT PRIOR KNOWLEDGE
- WITH THE ASSISTANT „WIZARD"!

THE EASY SIGN SOFTWARE

SIMPLE SIGN DESIGN FAST & WITHOUT PRIOR KNOWLEDGE

The SignMax v10 is a very powerful and easy to use sign software. The program combines creativity with ease of use. The thought-out user interface with its intelligent features, such as the design assistant "Wizard", offers valuable tools for developing signs and labels quickly and cost-effectively in just a few steps without any prior knowledge.

The SignMax v10 forms the basis for every company, laboratory and office to equip it with individual markings. Employees who do not have previous knowledge of safety labeling can now learn the necessary skills and handles in a short time and simply implement them themselves.

The SignMax software is also available as a server version! **Just talk to us. We will be happy to advise you.**

· Large Pictogram and ClipArt Library
  With many sign templates and safety markings.

· Design assistant "Wizard"
  For simple sign design without previous knowledge.

· Free Pictogram and ClipArt Updates
  New pictograms always according to the latest standards and requirements.

· Free Live Support
  If you have any questions, please do not hesitate to contact us.

· Free SignMax Workshops
  All over Germany, online or on site. Spend an informative day with us in a relaxed atmosphere.

USER TRAINING*

Technical instruction directly with you on site

Get to know the many features of Sign-Max and the easy handling of your labeling system. We will be happy to train you and your team on site at your company.

OVERVIEW OF SIGNMAX V10 VERSIONS

SignMax v10 - Basic
Software for LabelMax SP3, VS1, XL+, TagRec Station

With the Basic version, you get all the functions you would expect from a professional sign software. Creating texts and various shapes is child's play and subsequent editing of the objects is possible at any time. In addition, you can choose from numerous templates and always receive up-to-date pictograms from us.

Basic   € 649 / Item No. 106690
Basic Pro   € 899 / Item No. 106944

SignMax v10 - Print & Cut
Software for MultiMax V8

With the Print & Cut version, you can use all the capabilities of the print functionality – print and cut in just one step. Design your signs and markings easily and quickly and add a cutting contour – the MultiMax takes care of everything else.

Print & Cut   € 959 / Item No. 106691
Print & Cut Pro   € 1,390 / Item No. 106692

SignMax v10 - Ultimate
Software for all systems

Our SignMax v10 Ultimate is a software for almost all systems! It includes drivers for LFP from Mimaki, HP, Epson, Roland, Graphtec and Saga. With this software you have the possibility to control your entire printing machinery. The perfect "all-in-one" complete solution for creating signs, labels, markings, graphics and much more.

Ultimate   € 3,590 / Item No. 106945

FREE WORKSHOPS ON SITE THROUGHOUT GERMANY OR ONLINE!

Basic and Print & Cut

Program features:
· Automatic program updates
· 32 or 64 bit mode
· Windows 10 Support
· Direct X support
· Pantone colour palette
· Open multiple times
· Extensive import and export functions

Image editing features:
· All standard functions of a sign software (e. g. help lines)
· Wizard (Simple sign creation with our sign assistant!)
· Large pictogram and clipart library (including many sign templates)
· Simple text editor
· New spell checker
· Bidirectional font preview for Arabic and Hebrew
· Unicode support
· Extensive serialization functions
· Simplified page management
· Barcode module (incl. 30+ barcodes)

At Print&Cut:
· Printer & Plotter Drivers incl. Printmanager

Basic Pro and Print & Cut Pro

All functions of the Basic version plus:
· Enhanced image editing functions (Melting, cutting, node point editing, aligning text to objects, image noise reduction and much more.)
· Special Effect Tools (More cutting tools, soft shadow effects, antique graphic effects and much more.)
· Online access to numerous cliparts
· Professional fonts with additional font options
· More text control options
· Ginsu knife for decorative patterns
· Ruler and scale tools
· Optionally specify text height in point (Pt)
· Outside / inside contour filling
· Rotary set with rotation
· Working on various levels as a template
· Bezier mode
· Material-saving function

At Print&Cut Pro:
· Printer & Plotter Drivers incl. Printmanager

Ultimate

All functions of the Print & Cut Pro version plus:
· GIMP 2. 9 Image Processing
· Expert text editor for price lists etc.
· Vectorization
· Drivers for LFP and plotter (including Mimaki, HP, Epson, Roland, Graphtec, Saga)

Requirements

· Processor: Dual Core processor 2.0GHz or higher recommended
· Memory: 2 GB or more
· Hard Drive: min. 20 GB free space
· Graphics resolution: from 1366 × 768 pixels 32 bit | 1 free USB port
· Operating system: from Windows 7 (Service Pack 1) and .NET Framework 3.5 and 4.6

Completely individually adjustable and flexible in position!
Sign size 50 mm up to more than 200 mm.*

NOW EVEN MORE FLEXIBLE! INDIVIDUALLY ADJUSTABLE IN HEIGHT AND POSITION.

The flexible sign holder is individually adjustable in height and position, which makes it perfect for large or small signs. It is the ideal attachment option for permanent or changing markings.

The resistant P.B.T. plastic remains dimensionally stable up to 200°C and has a very high resistance to hydrolysis, stress cracking and alkali.

BLANK SIGNS

Nose & Flag Signs

A great advantage of the nose and flag signs is that they can be recognized quickly and clearly. Due to their shape, they protrude freely into the room and are therefore quickly recognizable from many sides as well as from a distance.
The flag signs are suitable for wall and ceiling mounting. The nose shields are clearly visible from all sides and are suitable for wall mounting.

Advantages at a glance:

· Light but at the same time extremely stable plastic with a thickness of 1.5 mm
· To be attached to the wall or ceiling
· With standard drill holes
· Delivered blank (unprinted)

Lockout Tagout

Introduction │ What is LOTO? / What is the MSL 1.1 Standard?

Lockout Tagout

LOCKOUT / TAGOUT

LOTO

FINALLY!
EASY. CHEAP. SAFE.

In 3 Steps to a Secure LOTO System According to MSL 1. 1 Standard:

1. Step
Designation and labelling of machines, plants and areas

2. Step
Provide locks

3. Step
Instructing employees

What is LOTO?

LOTO is the abbreviation of Lockout Tagout, in English „lock and tag".

Lockout Tagout stands for the secure locking and Taging of energy sources during the maintenance and repair of machines and equipment. It was developed in the US, where the number of accidents at work has already been reduced by over 70% thanks to LOTO. Lockout Tagout is becoming increasingly popular in Europe too.

You want to introduce simple MSL 1.1 standard in your company?
We are happy to advise you! Just talk to us.
Phone: +49 (0) 47 63 / 945 950 Mail: info@maxsystems.de

What is the MSL 1.1 Standard?

The MSL 1.1 standard was developed by MAX Systems to simplify the introduction of a secure lockout tagout system. According to our standard, the start in a LOTO system can already be made with three locks. The use of different closing locks avoids accidents resolving from the incorrect removal of locks, since it is not possible to switch on the system until every employee has removed their lock. The clear labelling of systems and energy points according to MSL 1.1 is the cornerstone of a successful and secure LOTO concept. It ensures understanding and avoids errors during use. A successful implementation of the concept requires training of all concerned employees. Due to the simple system, this can be done in a maximum of 30 minutes.

Free LOTO MSL 1.1 Guide available for download as a PDF!

Or at maxsystems.de/loto-msl-1-1-standard

STARTER SET FOR LOTO

for only
€ 189
instead of € 546.40   plus VAT

Our MSL 1.1 recommendation!

GROUP LOCKING BOXES

Our group locking boxes are the perfect solution for a LOTO system according to MSL 1. 1 standard. When using the boxes according to MSL 1. 1 standard, the keys of the red locks are stored in the group locking boxes. The box is in turn locked with the green signal lock and each employee can attach his or her individual lock to the box. The keys in the box can only be accessed once the last employee has removed his padlock from the box.

IDEAL FOR MACHINES WITH MORE THAN ONE ENERGY POINT.

For machines with more than one energy point, group locking is the ideal locking option according to MSL 1.1!

LOCKING CABLES

The adjustable locking cables are a combination of a cable and a housing with multiple locking brackets. They are suitable for simultaneous locking of several valves and circuit breakers, as well as for group and multiple locking – an all-rounder among locks!

VALVE LOCKING

Valve locks are installed on the valves of the systems during maintenance and repair work. The valve lock encloses the valve handle so that it cannot be operated by other persons. It is ensured that all employees can carry out the work on the plant without complications.
We have screw valve locks, pressure gas valve locks, flap valve locks and ball valve locks in our assortment.

END FLANGE LOCKING

The closing flange lock completely covers the flange bolts. This prevents access to the aperture until all work on the line has been completed.

The adjustable parts of the locking system allow a secure fit and cover the nuts with which the panels are attached. An exact fit is ensured by the adjustable parts of the locking system and can therefore be used for several flange connections.

ELECTRICAL LOCKING

The risk of dangerous accidents involving electrical installations is high. To avoid this, we offer a wide range of locks that make the power supply inaccessible during maintenance and repair work. This allows the work to be carried out in peace and without disturbances. The locks block electrical shutdown points, wall switches, plug connections and other devices.

We have special padlocks for circuit breakers, circuit breaker locking for large and standard switches, D-safety locks for screw locks, mini circuit breaker locks and locking for electrical connectors in our assortment.

LOCKPOINT STORAGE SYSTEM

Flexible, adaptable, and scalable - the ABUS LockPoint is the perfect storage system for all LOTO (Lockout/Tagout) products.
Its modular design allows it to be tailored and efficient for any work environment in the Lockout/Tagout field. There is the possibility to attach padlock traverses, baskets with optional basket dividers, or document holders. With the optional chassis, the LockPoint is always where it is needed - right at your facility. Made of solid steel, it is perfect for use in an industrial environment.
