## 1.Summary

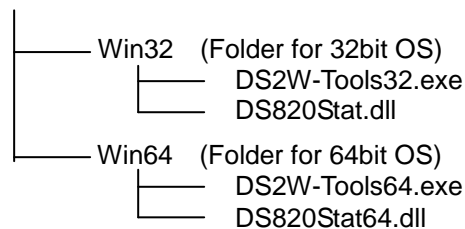

There are two “DS2W-Tools” for a 32 bit OS (Win32) and for a 64 bit OS(Win64).

## 2.Installation method

The folder composition of DS2W-Tools is as follows. Please select an appropriate folder to OS used and copy each folder to the hard disk.

<Folder composition>

\Application\DS2W-Tools\

## 3.Starting method

Please execute “DS2W-Tools32.exe” (or “DS2W-Tools64.exe”) and start application.

**Note)** For supporting 32/64bit OS, this tool is an application which use .NET Framework 3.5.

In Windows 7, .Net Framework 3.5 has been installed in the standard.

In Windows 8.x and Windows10, .Net Framework 3.5 has not been installed in the standard.

.Net Framework 3.5 can be downloaded from following URL. Details are described in URL (As of February 2016).

### ■.Net Framework 3.5 SP1 download

<http://www.microsoft.com/en-us/download/details.aspx?id=1639> (English)

<http://www.microsoft.com/ja-jp/download/details.aspx?id=1639> (Japanese)

If you start the DS2W-Tools in the environment that is not installed .Net Framework 3.5, the message similar to the following will appear (Example for Windows 10).
